SUMMARY

UI Developer with 2.5 years of experience creating responsive, user-friendly web interfaces using HTML5, CSS3, JavaScript, Bootstrap, Angular, Tailwind, and modern UI frameworks. Skilled in converting Figma designs into pixel-perfect, high-performance frontends with clean and optimized code. Strong attention to detail, quick learning ability, and proven success in delivering smooth, accessible interfaces within deadlines. For more details, www.behance.net/soudev07.

WORK EXPERIENCE

Web Designer and Developer (Webvio Technologies Pvt. Ltd.) June 2025 - Present
Designed and developed modern, creative, and responsive websites for travel businesses, including booking systems for flights, hotels, cruises, and cars. Converted UI ideas and Figma designs into clean, user-friendly interfaces using HTML, CSS, JavaScript, Bootstrap, and jQuery. Contributed to CRM dashboards and booking management modules with smooth workflows and optimized UI performance. Worked with Git for version control and collaborated closely with the team to deliver high-quality, scalable web solutions.

SR. Web Designer and Developer (Notebrains) July 2024 - June 2025
Managed multiple web projects across Shopify, WordPress, PHP, Laravel, React, and Next.js while supporting and coordinating a small development team. Actively worked with clients to understand requirements, plan features, and deliver projects on time with high-quality output. Designed modern UI/UX layouts using Figma and Photoshop and developed clean, responsive, and scalable websites. Assisted with task assignments, project workflow, and guiding team members, ensuring smooth execution across all projects.

JR. Web Designer and Developer (SB Infowaves) Nov 2023 - July 2024
Supported WordPress CMS projects and converted Figma/XD designs into clean, responsive HTML, CSS, JavaScript, jQuery, and Tailwind pages. Assisted the team with front-end tasks, UI updates, and cross-browser testing while learning best practices for modern web development.

Intern Web Developer (Alsoft) Sep 2023 - Nov 2023
Completed a 3-month internship focused on learning and building strong fundamentals in web development using PHP, MySQL, HTML, CSS, and basic JavaScript. Worked on small tasks like form handling and database interactions. Gained valuable experience in backend logic and understanding how full-stack projects work in real development environments.

PROJECTS

theinfinitytravel.vercel.app [Link to Demo](#)
Developed multiple travel booking websites for flights, hotels, cruises, and car rentals. Implemented responsive, modern UI using HTML, CSS, JavaScript, Bootstrap, and jQuery. Built booking management modules and CRM dashboards for admins and customers.

bangorcement.com [Link to Demo](#)
Developed a modern, responsive corporate website with clean UI/UX. Converted Figma/Photoshop designs into functional web pages using HTML, CSS, JavaScript, and Bootstrap. Ensured cross-browser compatibility and optimized performance for desktop and mobile.

gpbirlaedufoundation.com

Link to Demo

Developed a responsive and structured scholarship information website for the GP Birla Educational Foundation. Converted design layouts into clean, optimized UI using HTML, CSS, JavaScript, Bootstrap, and ensured mobile-friendly performance across devices.

myunionfederal.com

Link to Demo

Developed a modern and fully responsive financial services website with clean UI/UX. Focusing on smooth user journeys and high-quality front-end performance. Converted design layouts into functional pages using HTML, CSS, modern JavaScript, jQuery, and Bootstrap, ensuring compatibility across all major browsers and devices. Implemented interactive components, optimized page speed, and structured reusable code to maintain consistency throughout the website. Collaborated with the team to refine styling, improve accessibility, and deliver a polished, professional banking interface for end users.

syncinns.com

Link to Demo

Developed responsive front-end pages using HTML, CSS, and JavaScript, and worked on the CRM module using Angular for smooth data handling and user interactions.

Portfolio Project Hub

Link to Demo

Created a project showcase website listing my completed works, including travel booking sites, corporate websites, and UI/UX demos, built using HTML, CSS, JavaScript, and jQuery for clean presentation and easy project access.
